

ABOUT THE PINNACLE AWARDS

What are the Pinnacle awards?

The Pinnacle awards recognize the top builders, developers and renovators of the awards competition. Points accumulate by placement in the various categories along with points for volunteerism, safety leadership and customer satisfaction. See the individual criteria below.

Do I need to enter the Pinnacle Award?

To be eligible, you must complete an entry form for each Pinnacle Award you are competing for. Entering the Pinnacle Awards is FREE.

Is there an eligibility requirement?

To be eligible, an individual home builder, renovator or developer member must have entered a minimum of THREE awards in respective categories for the corresponding Pinnacle award (e.g. entered THREE Single family homes to be eligible for the Small or Large Volume Pinnacle award or entered THREE Developer awards for the Developer Pinnacle award).

How many Pinnacle Awards will be awarded?

This year, there are FIVE Pinnacle Awards in the following categories:

- THREE Builder Pinnacle Awards
 - *Small Volume* - 4-75 homes (ready for occupancy) between June 1, 2018 and May 31, 2019
 - *Large Volume* - over 75 homes (ready for occupancy) between June 1, 2018 and May 31, 2019
 - *Multi-family* - 10+ multi-family units (ready for occupancy) between June 1, 2018 and May 31, 2019
- ONE Renovator Pinnacle Award
- ONE Developer Pinnacle Award

What if there is a tie for the Pinnacle award?

In the event of a tie, a committee will be formed to review the finalists and determine the winner(s).

Can I enter more than one Pinnacle Award?

Yes, if your company has entered THREE awards into multiple categories (Single Family, Multi-family, Developer and Renovator), you can enter for the corresponding Pinnacle award. However, you cannot enter both Small and Large Volume Builder.

Pinnacle points are tabulated as follows:

PHASE ONE

The entrant (builder, developer or renovator) must have placed in the top THREE of an eligible award category. If they did not place, they are not eligible for a Pinnacle award.

Category Placement – Maximum varies depending on number of placing entries by entrant
Points are awarded to each entrant in each category for placing first (20 points), second (15 points), and third (10 points).

NOTE:

- Single Family category points are not combined with Multi-family category points.
- Renovation category points are not combined with Single Family points.
- Developer category points are not combined with Single or Multi-family category points.

PHASE TWO

Customer Survey (**BUILDERS ONLY**) – Maximum 50 points

Part of the Pinnacle Award score will be based on a customer satisfaction survey administered by a third party company (Avid Ratings or CustomerInsight). Customer satisfaction survey results will be based on possessions that occurred between May 1, 2018, and April 30, 2019. Using the scores from each survey provider, builders will be awarded 50% of their customer satisfaction score (maximum 50 points). For example, if they score 86% on their customer satisfaction component, then they will receive 43 points.

Minimum 5 survey responses or 50% response rate (whichever is greater). No points will be awarded if minimum requirements are not met.
