Winners of the 2021 BILD Alberta Awards Revealed

The Building Industry and Land Development Alberta Association (BILD Alberta) is pleased to announce the winners of its annual BILD Alberta Awards, presented by Alberta New Home Warranty Program Group of Companies. This year's celebration was held virtually during a special online ceremony September 23.

"After a busy year of construction, we are excited to showcase the work of our members in a virtual award presentation. These awards are a highlight of our industry and a testament of the innovative and professional work being done by members. Consumers are invited to discover more by visiting the showhomes, communities and websites of our winners," said Scott Fash Executive Director, BILD Alberta.

The provincial competition honoured Alberta's top home builders, professional renovators, community developers and safety leaders in 33 categories. The virtual celebration was capped off with the event's most prestigious awards - the Pinnacle Awards.

To win this year's top honours, companies earned points for category placement and secured additional points for their commitment to safety, customer satisfaction, community service and association involvement. The companies with the most combined points in the competition were declared this year's winners in the respective Pinnacle category. Congratulations to all this year's finalists and winners.
