Yes, if your company has entered THREE submissions in the specific categories (Builder, Developer or Renovation), you can enter for the corresponding Pinnacle award. However, you cannot enter more than one Builder Pinnacle category.

What is the penalty for not removing the logo or company name from the submission?

If a judge flags your entry due to a visible logo or mention of company name in the submission photos, floor plan or write up you will be penalized 5 points/flagged entry at time of Pinnacle calculation. This applies to all categories except for the Developer categories.

Pinnacle Awards will only be awarded if:

- There is competition in 60% or more of the Single Family and Multi-family categories to award the Builder Pinnacle Awards.
- There is competition in 60% or more of the Renovation categories to award the Renovation Pinnacle Award.
- There is competition in 60% or more of the Developer categories to award the Developer Pinnacle Award.

Pinnacle points are tabulated as follows:

PHASE ONE

The entrant (builder, developer or renovator) must have placed in the top THREE of an eligible award category. If they did not place, they are not eligible for a Pinnacle award.

Category Placement – Maximum varies depending on the number of placing entries by the entrant

Points are awarded to each entrant in each category for placing first (20 points), second (15 points) and third (10 points).

NOTE:

- Single Family, Infill, Energy Efficiency and Multi-family category points count towards one of the Builder Pinnacle Awards (Small or Large).
- Renovation category points only count towards the Renovation Pinnacle Award.
- Developer category points only count towards the Developer Pinnacle Award.

PHASE TWO

Customer Survey (BUILDERS ONLY) – Maximum 30 points

Part of the Pinnacle Award score will be based on a customer satisfaction survey administered by a third-party company (Avid Ratings or CustomerInsight). Customer satisfaction survey results will be based on possessions that occurred between May 1, 2022 and April 30, 2023. Using the scores from each survey provider, builders will be awarded a maximum of 30 points. The customer satisfaction percentage provided by the survey provider will be multiplied by 0.3 to determine the points awarded. For example, if they score 86% on their customer satisfaction component, then they will receive 26 points.

Minimum 3 survey responses or 50% response rate (whichever is greater). No points will be awarded if minimum requirements are not met.

Safety Leadership (BUILDER & RENOVATOR ONLY) – Maximum 10 points

Builders and Renovators must include their WCB# to verify their COR/SECOR

1. Entrants that have a current COR/SECOR at the time of the award deadline will receive FIVE points.
2. Entrants will earn FIVE points if they place in the top three in the provincial Safety Leadership Awards competition.

Association Involvement (BUILDER, RENOVATOR & DEVELOPER) – Maximum 3 points

Entrants who have at least one staff member involved on a BILD/CHBA/UDI committee or Board of Directors at the local, provincial or national level at the time of the award deadline will receive THREE points.

Community Service (BUILDER, RENOVATOR & DEVELOPER) – Maximum 15 points

1. Entrants who enter the Community Service category will receive FIFTEEN points.

Penalty (BUILDER & RENOVATOR ONLY) - deduct 5 points/flagged entry

The BILD Alberta Awards is a blind competition. If your company logo or name is visible (photos, floor plan or write-up) and the entry is flagged by a judge, a 5 point penalty will be applied at the time of the Pinnacle tabulation. The penalty is applied to each flagged finalist entry. *For example:* if your company has 3 finalist entries and your company logo has been flagged on two of the entries, your company will be penalized 10 points in the Pinnacle tabulation.
